

2018 Spring Conference Sponsorship Information

May 11 & 12, 2018 | Moncton, NB

The Canadian Association of Cardiovascular Prevention and Rehabilitation (CACPR) provides numerous opportunities for you to interact and engage with an influential community of cardiovascular prevention and rehabilitation professionals. In the rapidly changing health care environment, our members look to CACPR to help educate and showcase emerging trends in professional education and innovation. We encourage you to explore opportunities to partner with us; as they provide a foundation from which we can build the ideal opportunity for you. We are always eager to meet and discuss these opportunities, so please don't hesitate to reach out.

The CACPR 2018 Spring Conference is an example of this. We attract over 100 cardiac rehabilitation and prevention professionals, themselves representing hundreds of programs across Canada, along with the physicians, physiotherapists, cardiology technologists, nurses, exercise professionals, dietitians and psychologists working in those programs. Our delegates are healthcare professionals, directors, policy makers, researchers and students who are looking to improve their knowledge and increase their awareness of products and services available.

This two-day event will focus on cardiac rehabilitation and prevention's vital role in the field of chronic care with a focus on program delivery models and exercise.

By sponsoring this event, you will have maximum exposure to leaders in the field of cardiac rehabilitation and prevention. Please look through the following opportunities to see what benefits are available to your organization. We look forward to working with you.

Regards,

Dr. Carolyn Baer / Tracy Selway
2018 Co-Chairs
